

NORTON

SAINT-GOBAIN

MINI ANGLE SANDERS & QUICK-CHANGE DISCS

Put the world in the palm of your hand with the Norton mini angle sander and quick-change discs. Small, compact enough to get into those hard-to-reach areas, powerful enough to finish the job fast and efficiently while putting money in your pocket.

DESCRIPTION	STD. PKG.	PART #
Mini Angle Sander		
2" Mini Angle Sander	1	662611 50076
3" Mini Angle Sander	1	699573 82154

Coated Quick-Change Discs

Best choice for tough applications, titanium, super alloys, and stainless steel (3-ply) or contoured surfaces (2-ply)

BLAZE R980P CERAMIC ALUMINA

- 100% ceramic grain constantly exposes sharper edges to deliver highest productivity at lowest overall costs vs. competitive lower-ratio ceramic discs

Better choice for soft metals, wood, stainless steel, and carbon

BLUEFIRE R860 ZIRCONIA ALUMINA

- Premium, versatile, self-sharpening zirconia grain provides aggressive cut and up to 30% longer life versus competitive zirconia discs

Non-Woven Quick-Change Discs

Best choice for removing coatings on a variety of substrates

BLAZE RAPID STRIP

- Blaze ceramic grain cuts 2X faster than competitive discs leaving a thoroughly cleaned surface

Best choice for weld blending, polishing and deburring

VORTEX RAPID BLEND

- Patented Vortex agglomerated aluminum oxide grain provides the cutting power of a coarser grit with the finish of finer grits

Best choice for finishing and blending applications

VORTEX RAPID PREP

- Proprietary engineered Vortex aluminum oxide abrasive grain and coating method combine maximum cutting speed with the consistent finish of finer grits to reduce process times by 50+% by combining multiple grit sequences to 1 step
